

ZRF-M1

Reference Electrode

Leakproof, ceramic conic or flat surface and ultra-sensitively calibrated reference electrode with gel or liquid copper sulfate options.

Technical Specifications

- Leakproof body
- Ceramic conic or flat surface
- $\pm 10\text{mV}$ calibration tolerance
- Thermometer for $0\text{-}50\text{ }^{\circ}\text{C}$
- Gel or liquid CuSO_4 options
- 155×38 mm size
- $1.5\text{ m } 0.75\text{mm}^2$ extra fine cable (one end is 6 mm lug, one end is 4 mm banana jack)
- Impact resistant body
- $111 \times 178 \times 50$ mm IP67 carrying bag
- 100ml liquid CuSO_4 carrying bottle
- Cleaning sponge
- Interchangeable, detachable structure
